

EVENTS OF DAY IN WEST SCRANTON

CHIEF WALKER PRESENTED WITH A SILVER TRUMPET.

Member of Columbia Hose Company Surprised Him Last Evening. Speech Making and Luncheon Added Features—Daughters of Erin Anniversary—Caucus of Fourth Ward Candidates—Passed State Board Examination—Concert at Hillside Home—Other Notes.

John H. Walker, chief of the Scranton fire department, was tendered another surprise last evening, when the members of Columbia Hose and Chemical some silver trumpet suitably engraved. The affair was a total surprise to the chief, he having been lured to the home house under the pretext of attending a special meeting.

Ex-Councilman Joseph Oliver presented the trumpet to the chief in a characteristic speech and Mr. Walker accepted the gift in words appropriate to the occasion.

Councilman Richard H. Williams was called upon to tell "Why a Good Councilman Makes a Poor Fireman," a whimsical verse, but he took exception to such a thought, and pointed to Joseph Oliver's record in common council and at the Scranton street church fire last December.

Charles Corless, one of the senior members of the company, advised the members to uphold the chief in his efforts to do his duty, and said permanent and volunteer firemen should be gentlemen and carry themselves as upright men.

The company enjoyed a lunch and smoker after the presentation and speech making.

A Word on Gloves

Being by far the largest dealers in gloves in this end of the state, we desire simply to say that there is not a well known glove on the market today that is not at our command, if we wish to handle it. This being the fact, it follows as a matter of course that we take what we consider the very best from the many offerings, and let the others go. That's the reason why we maintain our supremacy in the glove trade.

HAPPENINGS OF NORTH SCRANTON

POSSIBILITY OF A NEW POLICE STATION BRIGHT.

Mayor and Other City Officials Visited the Under Ground Den Yesterday and Decided That Something Must Be Done at Once—Mrs. Barrow-cliff Sustained a Stroke of Paralysis While Out Driving—Marriage of Miss Caroline Davies and John Evans—Personal Notes.

After many years of talk and discussion, there is at last a prospect of a new station house, or, at the least, a remodeling of the old one in North Scranton.

Mayor Moir yesterday, in company with Chairman Keller, of common council, Select Councilman Finlay Ross and Chief of Police Robling, made an inspection with a view to remedying the existing evils.

The place, which is in a cellar below the hose house occupied by the Liberty and Niagara Hose companies, was found to be in its usual horridly unsanitary condition. All decided that it was no place to imprison any human being.

Three possible plans of relieving the difficulty are suggested by the mayor. The first is the renting of the station house in the best sanitary condition; the second, renting of another cellar or small store and fitting it up for station purposes; third, remove one of the companies from the hose house to some other section of North Scranton now renting better fire protection and fitting up the room made vacant as a combination station house and police court room. It is thought that this could be done for about \$500.

The mayor will in all probability recommend either one of the above plans to the consideration of council at their next meeting.

EVANS-LEWIS WEDDINGS.

A pleasant wedding was celebrated Thursday evening at the home of Mr. and Mrs. John Lewis, of Charles street, when Miss Caroline Davies became the wife of John Evans.

They were met in all the center of the parlor by the Rev. Dr. R. S. Jones, who pronounced the words that made them one. The event was witnessed by a large number of relatives and friends, who upon the conclusion of the services showered them with congratulations.

A sumptuous repast was served those present, after which the evening was given over to merriment.

The couple were the recipients of innumerable presents, which will assist in making cozy their already pleasant home on Charles street. A WAR VETERAN

Pronounces Pe-ru-na the Greatest Catarrh Remedy Ever Prepared.

OTHER PROMINENT MEN SPEAK.

MAJOR J. A. MABSON.

Major Algernon A. Bamson, of the Tenth Volunteer regiment, stationed at Macon, Ga., in a recent letter to Dr. Hartman from Washington, D. C., says: "I think there is no better medicine on earth than your Pe-ru-na for catarrh. It has surely cured me. It would take a volume to tell you all the good it has done for me. Pe-ru-na is the greatest remedy I ever used, and I think I have tried them all."

Mr. Ben L. Griffin, postmaster at Banner, Miss., writes the following in regard to his wife, Mrs. Griffin: "My wife suffered with catarrh of the head for four years. She tried several different doctors, and many kinds of medicine recommended for such troubles as she was afflicted with. She had a disagreeable headache with an awful soreness in her nose, and sometimes breathing was very difficult. I heard of your medicine through your circulars, and decided to give it a trial. After she had taken only one bottle she began to feel so much better that she continued to take it, and after the use of two and one-half bottles she was entirely cured. She recommends Pe-ru-na to all women, believing it to be especially beneficial to them."

Hon. Thomas Gahan, of Chicago, Ill., candidate for County Treasurer in 1898, says the following of Pe-ru-na: "I desire to express for the benefit of the public my experience with the famous catarrh remedy, Pe-ru-na. I was afflicted with catarrh for fourteen years and though I tried many remedies and applied to several doctors I was not able to find a cure. Finally I learned of the remedy, Pe-ru-na, through a friend who had used it. I took Pe-ru-na for twenty-two weeks, and am now entirely cured. I have every reason to think my cure a permanent one, as it has been a year since then. I can heartily recommend Pe-ru-na as a catarrh remedy. It will cure when all other remedies fail."

There are thousands of people who do not believe that catarrh can be cured. The reason for this is, they had chronic catarrh many years. They have been taught that catarrh is a local disease. They have tried to cure their catarrh with local remedies. They have used sprays and gargles, inhalations and fumigations, and still they have catarrh just the same. These things sometimes help them temporarily, but they soon relapse into their former condition again.

The trouble with all this is, that catarrh is not a local disease. It is a systemic disease, and can only be cured by the faithful use of systemic remedies. Catarrh once in the system cannot be removed by using local remedies. The very best that local remedies can do is to assuage some disagreeable symptoms.

Pe-ru-na is a systemic catarrh remedy. It meets the enemy in its stronghold, within the system. Gentle and persistent it eradicates the disease from the system. Pe-ru-na is the only systemic catarrh remedy yet devised which cures catarrh. Up to date there has been no other remedy of this will, in any degree, take the place of Pe-ru-na. For a free book on catarrh address The Pe-ru-na Drug Mfg. Company, Columbus, O.

Hon. B. H. Harrah, chief law clerk in office of Auditor of Interior, in a letter from Washington, D. C., says: "The use of Pe-ru-na by myself and family convinces me that it is an excellent tonic and that it will prove very beneficial to all that have catarrhal affections."

Hon. B. H. Harrah's home address is Newton, Illinois.

Mrs. L. M. Price, Korse, Tex., in a recent letter says: "My health is much better. I have been more improved by taking your medicine and following your advice than by any other medicine I have ever taken. My cough is not nearly so bad. I am nearly well. My nose is better than it was, and I feel like a new person. I know your medicine is good. Thank you a thousand times for your advice and medicine. I am still using your treatment. I have recommended your Pe-ru-na to be the best medicine in the world."
